

Are you a fan of plants?

Join the international community of **Plant Friends** who are lovers of all plants. Be part of it and share about your way of living using plants in your daily life, benefits of using some species and some of your tips on how to protect plants.

This is our action call for the protection of all plants!

Do you have any video that you would like to share with the international community on plants and how to protect them?
Please contact us using the contact page. Visit [Plant Friends](#) Page for more information.

Eptes Natura

Only from Plants!

Only from Plants!

Eptes Natura delivers worldwide a selection of preventive, corrective and wellbeing botanical and medicinal plants-based products that can be used by our customers to protect and maintain their good health.

Our natural and organic plants are delivered under different forms such as raw materials, blends, mix of plants for homemade personal body and skin care products.

All our products are 100% handmade, prepared and packed freshly to order (no stock) only from botanical and medicinal plants from Switzerland!

Natural & Organic

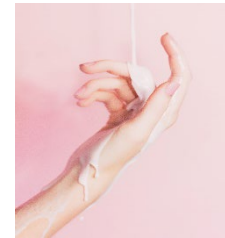

Zero added colorants, zero added synthetic flavours and zero added GMO or artificial materials! No plastics! We use only sustainable, recyclable, or biodegradable packaging made from Alu, cardboard, glass, or recyclable metal.

From Swiss Alps

All our products are homemade prepared in Switzerland and all our botanic and medicinal plants come from Swiss mountains, rich in precious plants known for their curative, well-being, and health effects.

Our Products

Skin Care

Botanical and medicinal plants can be safely used in homemade skin or hair care preparations such as creams, hair masks, facial masks or lotions.

We have selected a large number of plants from the botanic kingdom that can be prepared and applied topically for skin and hair care protection.

Body Care

We have selected aromatic plants that are included in our mix of plants for homemade personal preparation of cataplasms.

In addition, we offer mix aromatic plants known to reduce pain and help to speed muscle repair, under the form of cataplasm kit. Reducing inflammation might prevent injuries from becoming chronic.

Plants & Blends

Our best selection of botanical and medicinal plants for infusion.

We create blends of plants based on their composition in bioactive compounds and their effects on mind and body. Our blends can be taken as infusion or to garnish dishes and sauces, etc
